How to order your design

(How we can best bring your ideas to life without costing an arm & a leg!)

1. Hop onto Google, research some ideas, copy a few links to designs you like the look of.
2. Sketch a rough draft, it helps us visualise what you have in mind!
3. Jot down your ideas in an email & attach any other logos, fonts, images or artwork you'd like to use, preferably high resolution (we can provide some if you need help).

What Happens Next?

We will email you a quote for approval before we get started (50% deposit required to start design). We usually cap most quotes* so there's no unexpected surprises! Once we have completed your first draft, we email it to you for alterations/approval and bounce it back & forth until you're 110% happy before we print.

*unless you make excessive alterations
